

In search of: Groom / Nanny - Start End of March

We live on a busy yard with 50 horses and enjoy a good mix of competitive and amateur riders. If you are dedicated you can learn from 4* Eventers and an Olympic Show-Jumper and gain experience in all aspects around horses and stable management.

We live near various national and international eventing competitions

Riders based with us go to several different shows and if you are interested, you can follow along.

You like kids? Big advantage ❤️ as we have three small children under the age of 4.

If you are interested in all related topics around the organization of shows, we host a nice show in May.

We look for somebody open-minded, cheerful but also responsible in order to assist with whatever happens during our days with too few hours and enjoy at the same time a nice and friendly environment.

Whether you are into full-time work or part time or study online from here, we are open for your ideas and different things have worked in the past. References available.
